Enterprise Holdings offers two great rental brands to meet the needs of the University of Arizona business traveler:

- National Car Rental has long been favored by frequent renters at airports for speed and vehicle choice. All University of Arizona employees are able to enroll in the Emerald Club at no additional charge. As an Emerald club member you will enjoy **counter bypass, free upgrades and choice of vehicle** the traveler prefers, and earning points that you can redeem for free rental days.
- Enterprise Rent-A-Car is the first choice for business travelers who need to rent near their home or office while providing their company savings. “Enterprise will pick up you up”

Both brands offer the Collision Damage Waiver (CDW) and Minimum Liability requirements in the rate. The University of Arizona does not reimburse for these products, however they are part of the overall program and do not incur any additional costs.

Renting is easy with your University PCard or contact Enterprise to put a department PCard on file to accommodate business travelers, who do not have access to a University P-Card.

Take the time to compare your travel plans to this program and you will find a reduction in costs and increased satisfaction in transportation arrangements.

* Additional products are available and may not be reimbursed by the University. These products and services include but are not limited to, Personal Accident Insurance, Road Side Assistance and GPS units.
